SUBJ: Approval of Final Remedial Design – In Situ Chemical Oxidation
CTS of Asheville, Inc. Superfund Site
Asheville, Buncombe County, North Carolina

Dear Mr. Warren:

This letter is written to formally approve the Final Remedial Design for In-Situ Chemical Oxidation (ISCO) that was submitted by Wood Environment & Infrastructure Solutions, Inc. on July 12, 2019. In accordance with the Interim RD/RA Statement of Work (SOW) and Consent Decree, EPA approval of the ISCO Final Remedial Design constitutes an authorization to proceed with the ISCO Remedial Action. The ISCO Remedial Action Work Plan shall be submitted to EPA within 30 days, or by August 21, 2019.

EPA looks forward to starting the ISCO work at the CTS Site this Fall. Please contact me at 404.562.8827 (office) or via email at Zeller.Craig@epa.gov if you have any questions regarding this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "Craig Zeller".

Craig Zeller, P.E.
Remedial Project Manager
Superfund & Emergency Management Division
